At the request of the Bangalore City Organizer, and as approved by the Law Minister and ^{the} Dewan, the A.R.P. Controller, Bangalore, was requested in D.O. letter No. 1097/N.W.F. 11-42-3 dated 19th August 1942 to place the A.R.P. van at the disposal of the City Organizer for propaganda work, intimation being sent to the latter whenever the van was required for A.R.P. work. To this, the A.R.P. Controller replied, in his No. A.R.P. 227/42-43 dated 20th August 1942, that as the van was being used by the District Magistrate in connection with the disturbances he was not in a position to spare it for the time being. It was believed that it was only for a temporary period that the van could not be spared for N.W.F. work in the City; but the correspondence that the City Organizer has enclosed with his letter under disposal shows that the A.R.P. Controller is in no mind to spare the van at all for National War Front work. In his letter of the 26th September 1942, the A.R.P. Controller said that it was not possible to spare the van on the 26th and 27th of September as it was required for A.R.P. work on those days. Then on the 29th September he wrote to the City Organizer saying that it was not possible to place the van at his disposal, but no period was specified. On the following day, he wrote again saying that as the present disturbed condition demanded intensive A.R.P. propaganda the van was required exclusively for A.R.P. purposes.

While the National War Front organization in the City should be, and is, prepared to forego the

use of the van when it is required on practice alert days, or for specific functions arranged by the A.R.P. Controller, the complete denial of the use of the van to the National War Front organization would be contrary to the arrangements approved and in contravention of the instructions conveyed to the A.R.P. Controller. While the needs of the A.R.P. organization should have prior consideration, the National War Front is not ^{or unconcerned,} connected with the present disturbed conditions in the City. The City Organizer believes that effective propaganda work can not be done, more particularly these days, without a van.

The City Organizer told the Organizing Secretary that while the ex-A.R.P. Controller, Mr. P.H. Krishna Rao, showed a good spirit of accommodation to the requirements of the National War Front organization, the present Controller did not seem to realise that Government's intention was that the van should be used by the National War Front organization also. All that the City Organizer asks for is that the van might be placed at his disposal at least every alternate day. He adds that as he understands that the van is generally used by the A.R.P. organization in the evenings, it ~~might~~ ^{may} be made available to him in the mornings. Some such arrangement is very necessary, so that the van may serve the needs of both these organizations.

It appears to be necessary to issue instructions to the A.R.P. Controller to make the van available to the City Organizer for propaganda work whenever it is not required for A.R.P. purpose, and to make it clear to him that it is the intention of Government that the van

is absolutely essential to carry out the Propaganda work effectively and to cover many areas every day. I therefore request that the A.R.P Van may be placed at our disposal at least every alternate days.

I am given to understand that the A.R.P. van is generally used in the evenings. If that is so, it may be placed at our disposal in the mornings.

The propaganda work is progressing well in the City now and many Industrial concerns are being addressed by the lecturers frequently. Just at this juncture if we are deprived of the van it will be a great handicap for us. May I therefore request you kindly to see that orders are issued to the A.R.P. Controller to place the van at our disposal as per previous decision.

Thanking you

Dear sir,

With reference to your letter dated the 28th April 1942 enclosing a copy of the proceedings of the second meeting of the Bangalore City Advisory Committee together with its enclosure being the budget requirements of the National War Front in Bangalore City, I am desirous to inform you that the subject of purchasing a propaganda van for National War Front work was considered at the last meeting of the State Advisory Committee and it was felt that instead of incurring heavy expenditure to provide separate vans for National War Front work, arrangements could be made to make use of the A.R.P. vans available at Bangalore and Mysore cities and also the propaganda van of the Public Health Department. I am, accordingly, to request that the A.R.P. van at Bangalore may be used by you in consultation with the A.R.P. Controller, Bangalore City.
